Jackie Gordon  
Case Manager  
817-289-3862

Laurie Kennedy  
Case Management Supervisor

Description: Through 2011 provides dental treatment in partnership with Dental Health Arlington. CCFW provides funding for Dental Health Arlington to treat their clients two days per week.

Beginning in the first quarter 2012, CCFW will operate their own dental clinic at the above address. They are in the planning stages for this clinic at the present time—hoping to operate a high-quality, cost-effective service. In considering options to expand dental treatment capacity, CCFW found all dental services treating the poor reported being at full capacity. Dental Health Arlington is supporting the development of the new clinic and is on the advisory board. They wanted to develop a clinic with a convenient location in Ft. Worth on a bus line.

Services: Through Dental Health Arlington, provide full range of oral health services. Offer bridges and dentures, but not partials.

Similar services will be provided when CCFW establishes their own dental clinic.

Fees: Same as required by Dental Health Arlington.

When operational in 2012, the CCFW dental clinic expects to charge clients for one-third of their treatment.

Eligibility: Financial documentation of income. 200% of federal poverty level or less.

Hours: Currently four openings for clients on Monday and Friday. Future clinic will expand these hours.

Languages: New clinic will have bilingual staff since CCFW serves many monolingual Spanish clients.

Area served: Predominantly Tarrant County with some clients from Johnson County and Hood County, but will accept clients from throughout the 28 county dioceses.

Other services at this location: In September 2011 will begin Project Access which is medical treatment with volunteer physicians. This is a collaboration with the Tarrant County Medical Society. Hope to expand this to oral surgery using volunteers. Will have a case manager recruiting physicians, making referrals and overseeing the program. Initially will only accept Tarrant County residents, but hope to expand to other areas.

## ***KINGDOM SMILES***

### Location:

Weatherford, Texas

Robbie Evans  
Executive Director  
940-682-4200

Description: Dental and oral surgery services for Parker County residents. Licensed providers participate at a reduced rate of reimbursement. Much is based on personal/“partnership” relationships with the providers.

Planning to close the program at the end of 2011 due to funders’ increased paperwork requirements. Looking for someone/an organization to take this over, but has not found anyone at this point.

Services: Executive director finds the dentist—oral surgeon or dentist and Kingdom Smiles pays the bills.

Intake procedure: Referrals come from Center of Hope, United Way and area dentists. Required paperwork prior to making referral.

Fees: Clients may have some co-payment if able. The fee schedule has been negotiated with the partner dentists and oral surgeons and is half of what is normally charged.

As an example, if a patient has the majority of teeth pulled, it is \$2,000. This is followed by dentures in two months at a cost of \$400.

Eligibility: Screen for income.

Hours: Call for a screening appointment. Then treatment is based on the dentists/oral surgeons schedule.

Area served: Parker County residents

Other information: Take turns with the dentists—so no single dentist is used more than others. One benefit for providers is that Kingdom Smiles offers immediate (sometimes same day) payment. This has built trust and goodwill with the providers who may wait 3 to 6 months for payment by Medicaid.

Five oral surgery “partners”—four are with Facial and Oral Surgery Group and one solo practitioner.

Provided treatment for 46 patients in the first quarter of 2011.

Receives funding from United Way and Parker County.
