ABODE Treatment, Inc.

701 S. Cherry Lane
White Settlement, Texas 76108
817-246-8677

Sylvia Wagnon

OUTPATIENT LOCATIONS:

701 S. Cherry Lane, White Settlement, TX 76108
2018 Evans Avenue, Fort Worth, TX 76104
4150 E. Rosedale, Fort Worth, TX 76105

Description: Chemical dependency treatment services ranging from intensive residential to supportive outpatient for clients of the criminal justice system. A 200-bed residential facility and three outpatient/aftercare locations.

Services: Short term and long term residential treatment; job placement assistance; outpatient individual and group therapy for six to 12 months.

Services Offered to Specific Populations: Criminal justice clients. If a patient presents with dual diagnosis, he/she is referred to MHMR.

Intake Procedure: Through TDCJ. May also be referred to intensive 30 day relapse program by parole officer.

Fees: No cost due to referral from TDCJ system.

Area served: Texas Prison System

Special features: Their services are “in the middle of a two year system” in which inmates are (1) treated in prison for six months, (2) treated at ABODE for three months, (3) go to therapeutic community aftercare programs. The latter may be provided by HOPE, VOA, etc. who are all part of the program. If inmates relapse, they go to ABODE’s intensive 30 day program.

ACADIA ABILENE

4225 Woods Place
Abilene, Texas 79602
325-698-6600
800-335-3498

Website: www.acadiaabilene.com

Description: Inpatient detox (typically five days) followed by partial hospitalization and intensive outpatient treatment. Partial hospitalization is typically two to three weeks in duration, and intensive outpatient is between one and three months for three hours, three nights a week. Psychiatric services are also available. A 12-step approach is used, and connection with AA/NA for aftercare is encouraged.

Services: Inpatient detoxification, partial hospitalization, intensive outpatient, aftercare, AA/NA. Dual diagnosis program.

Services Offered to Special Populations: Dual Diagnosis.

Fees: Contracts with more than 20 managed care companies. For those with private pay, detox is \$600 per day, partial hospital is \$400 per day, intensive outpatient is \$150 per day. They do not provide free substance abuse treatment. However, if there is a mental health diagnosis, they accept indigent patients through MHMR.

BAYLOR ALL SAINTS MEDICAL CENTER Fort Worth

1400 Eighth Avenue
Fort Worth, TX 76104
(817) 922-1162

Kay McKinney, Business Development Coordinator

Description: Baylor Health Care System's only behavioral health unit with 24 bed acute mental health and substance abuse inpatient beds, partial hospitalization and intensive outpatient programs. Typical LOS is six days before transfer to outpatient program. All programs are physician directed and utilize an interdisciplinary treatment approach. Based on the principles of the 12-step recovery program. Inpatient treatment is located on the eighth floor and outpatient programs are on the second floor of the hospital. No other locations are available.

Services: Medically supervised detoxification on the inpatient behavioral health unit, inpatient rehabilitation program at the Chemical dependency unit, Partial hospital program (6 hours per day), Intensive outpatient program with day and evening schedules, individual and group therapy, family therapy, AA/NA. All programs include weekly aftercare groups.

Services Offered to Special Populations: Dual diagnosis program.

Wait for Services: Typically no wait for admission.

Fees: Program costs are covered by most commercial insurance plans. Patients covered by Medicare or Medicaid and occasional charity care patients receive inpatient services, but are referred elsewhere for outpatient treatment. They have seen people who cannot afford co-pays and deductibles.

Eligibility: Physician, self or family referral with appropriate insurance coverage.

Other Issues:

- Continuing need for beds for un/under-insured and for people who can't afford co-pays.
- There have been changes in Medicaid and they don't know what the current product is.
- Parity issue—now seeing plans not covering mental illness at all. If they don't cover it, they don't have to offer the "same level of benefits."

BRENTWOOD CLINIC SOUTH

5201 McCart Street Suite H

Fort Worth TX 76115

Phone: (817) 207-8700

Hotline: (817) 320-8635

Second location in Waco

Program Director: Sandra Robinson LCDC

Description: The mission is to assist the opiate dependent population with a medically supervised program that will minimize withdrawal and reduce cravings for opiates. Individual and group counseling, patient education, and, development of a referral network will assist our patients. Program is 18 to 24 months in duration, with gradual withdrawal from methadone.

Services: Medically supervised methadone treatment; individual, group and family counseling; women's and men's support groups; methadone anonymous group; acupuncture; nutrition counseling. Administered by a nurse and supervised by a doctor.

Services Offered to Special Populations: No special populations. Currently two of 200 patients are HIV positive.

Intake procedure: Intake occurs on Monday, Tuesday, Wednesday. New patients must see the doctor within 24 hours of intake.

Fees: Admission fee: \$79 includes all laboratory fees, state fees, and first day medication; weekly medication cost: \$63. No reduced fees or sliding scale.

Eligibility: Anyone is eligible

Hours: Monday-Friday 4:45am-12:00pm; Saturday 5:30am-11:00am

Languages: English only

Area served: On a bus line, but no transportation provided.

Documents required: Drivers license, social security card

Special features: Expect to be on methadone 18 to 24 months. It is a slow gradual process.

CENIKOR FOUNDATION INC.

North Texas Residential Facility
2209 South Main Street
Ft. Worth, Texas 76110
Phone: (817) 921-2771
Fax: (817) 926-0301

Description: Cenikor is a 180-bed long-term, residential Therapeutic Community (TC) that helps people end the cycle of substance abuse. Includes education (including GED), work therapy, life skills. All participants are required to work at a Cenikor business partner or within the facility. Three phases of treatment include induction (30 days), recovery (16 - 18 months), re-entry (3- 6 months). More male beds than female beds.

The program uses a very rigid point system to move through the levels of treatment to discharge. Approximately 90 to 95% of those completing the program do not relapse. However, 15% to 20% complete the entire program due to its length and rigidity. Discharged when they have an apartment, full-time job and \$2,500 in the bank.

Services: 18 month residential Therapeutic Community plus six month re-entry.

Services Offered to Special Populations: Works in conjunction with the criminal justice system with approximately 60% stipulated by the court system. Units for both men and women, but relationships are not allowed.

Intake procedure: A thirty minute telephone screening interview leads to a personal interview with three to four hour intake. Intakes generally scheduled one month in advance resulting in a 30+ day wait—occasionally slots may become available.

Fees: Charge a one-time admissions fee of \$350.00 for in-state applicants and \$1,500 for out-of-state applicants, plus the cost of transportation to our facility. Clients receive substance abuse therapy, housing, medical care, educational opportunities—everything needed to prepare themselves for a successful recovery—at no additional cost! Cenikor's treatment services are estimated to cost \$25,000 per year, but are offered to clients at no charge. Self payment, Medicaid, Medicare, Private health insurance, Military insurance. Provides everything needed including food, clothing, shelter, cigarettes, etc.

Eligibility: Primary diagnosis of substance abuse; willing to change their lifestyle from negative to positive, 18 years of age or older, men and women; must be physically able to work; no sexual or violent offenders

Hours: 24 hours a day; Mon - Sat 8:00am - 5:00pm (office hours)

Languages: Staff speaks no language other than English

Special features: Accessible for Disabled.

CENTER FOR THERAPEUTIC CHANGE

1. 6320 Brentwood Stair Road
Fort Worth, TX 76112
Phone: (817) 446-9770
Fax: (817) 446-9773
2. 605 E Border St
Arlington, TX 76010
Phone: (817) 548-9990
Fax: (817) 548-9995

Website: <http://www.ctcdfw.com>

Description: Center for Therapeutic Change offers services in Addiction Information & Treatment. We specialize in Addiction Counseling, Abuse Recovery, Drug & Alcohol Addictions Education.

Services: Outpatient treatment including individual, group and family counseling; aftercare services; intensive relapse prevention programs; chemical dependency education. All services offered at both locations except brief intervention is only at the Ft. Worth location.

Services Offered to Special Populations: Offers customized programming for individuals involved in the criminal justice system. These custom programs utilize Cognitive Behavioral Therapy and Therapeutic Interventions to reduce recidivism. Supportive outpatient program (SOP), intensive outpatient program (IOP), intensive relapse prevention (IRP). Detailed schedule of services and groups is available on the website.

Intake procedure: Clients may come through intensive day treatment programs or straight from prison.

Fees: All clients must pay \$40 for intake, then service priced individually by the session or class (in range of \$25 per session). SOP and IOP may be paid for by TDCJ, but education and IRP are typically self pay. Detailed schedule of fees is available on the website. 90% are recently released from prison/jail.

Eligibility: TDCJ referral or self referral.

Hours: Both locations open Monday through Thursday from approximately 6 AM until 8 PM and a half day on Saturday. Specific hours for each program at each location are found on the website.

CENTRAL PLAINS CENTER - REED ADOLESCENT CENTER

404 Floydada Street
Plainview, TX 79072 (Hale County)

HOMeward BOUND

1. RESIDENTIAL TREATMENT

233 West Tenth Street
Dallas, Texas 75208

2. OUTPATIENT TREATMENT

315 Sunset Avenue
Dallas, Texas 75208
214-941-3500

Executive Director: Doug Denton

Statewide HIV Program: Kerri Cascio [kcascio@homewardboundinc.org]

FOR ALL ISSUES INCLUDING **ADMISSION**, ASK FOR SALLY GRACE AT EXT. 303.

(sgrace@homewardboundinc.org)

Description: Homeward Bound, Inc. offers drug and alcohol detoxification treatment plus comprehensive residential and outpatient programs with counseling, social service supports, and education about the disease of addiction and the life skills needed to return to a productive life. Under a Texas Department of State Health Services program, a 60 day residential substance abuse treatment is available to people living with HIV/AIDS A dedicated 19 bed unit for people living

Services: 120-bed residential and outpatient drug and alcohol treatment, detoxification, group and individual counseling, and social services for men and women ages 18 and above; mental health assessment, counseling and crisis stabilization services; medication supported outpatient treatment for opiate dependent men and women; family support groups and parenting groups; AA groups and recovery support services; acupuncture treatment in our clinic for the general public.

Services Offered to Special Populations: 19-bed unit for people with HIV/AIDS

Intake procedure: Assessments conducted at the West Tenth Street location on a first come/first served basis Monday through Friday from 8AM until 11AM.

Fees: Accepts private insurance, value options and has funding to cover care for those who do not have insurance or the ability to pay.

Documents required: This program has significant preadmission requirements. Clients will not be admitted until all are completed, and HEI case managers often help clients. Preadmission requirements include:

- 1.) Psychiatric History:** Should include current psychiatric evaluation, client's diagnosis and current medication. It is imperative that the client brings psychotropic medication with

them to treatment. The client will receive medication at scheduled medication times only unless otherwise ordered by their psychiatrist. Please have the client come with 60 days of medication or be prepared to mail the prescription when the client is running low. Fully licensed clinical staff are available to assist clients with understanding the diagnosis, medication management and the relationship between substance abuse and mental health.

- 2.) Physical: We will need the following faxed to HWB and approved by the physician prior to the client's admission. (All required lab work must be within 60 days.) CBC, CD4, Viral Load, Chemistry 8, Lipid Panel, RPR, HEP A Tomic, HBSab, HBCab, HBSag, HVCab, Liver functions: GGT, Alk Phos, AST, ALT, Amylase, Lipase, RPR. TB results within 30 days or chest x-ray within two years.
- 3.) Clothing: Please inform the client of the following clothing items to bring to treatment. We request that the client bring 7 days of clothing, the closet space is limited. We allow the clients to do laundry twice weekly. Limit personal item as needed for 60 day stay. Example: (1) bottle of shampoo and conditioner, (1) lotion (1) box of laundry detergent (1) tooth paste, brush etc.
- 4.) From the Case managers: BHIPS assessment with in the past 6 months.
Referral
 - 60 day supply of HIV medication or the ability to have the case manager refill and mail to HWB at day 21 of treatment if there is only a 30 day supply remaining.
 - HIV diagnosis letter or lab confirmation
 - Legible photo ID (Texas resident) Legible social security card
 - Complete list of medications
 - Copy of last physical exam

Special features: Accessible for Disabled

1. ***BILLY GREGORY/PINE STREET CENTER***

1501 East El Paso
Fort Worth, TX 76102
(817) 569-4600 Main Billy Gregory
(817) 569-5360 Main CATS
(817) 569-4630 Fax CATS
(817) 569-4698 Fax Billy Gregory
Program Director: Dee Brown

Description: Billy Gregory is a 12-bed inpatient detox unit with an average length of stay of 7 days. Pine Street is a 50-bed residential unit, comprised of 30 male beds and 20 female beds. These inpatient units provide the alcohol or drug-addicted client with individual and group therapy, a medically supervised detoxification program, family group support and access to other support groups. It also evaluates the client's need for mental health treatment and makes referrals to the appropriate treatment program. Ambulatory (outpatient) detoxification services are held in the same building (Side B) and include state-of-the-art auricular acupuncture, individual and group therapy sessions and monitoring by medical staff.

Services: Alcohol and drug detoxification, residential treatment.

Waiting time for Services: Billy Gregory—three weeks on average; Pine Street varies based on Texas Department of State Health Services defined priority populations, but may be several weeks after completion of detox.

Intake: Intake for Billy Gregory is managed by MHMR. Intake for residential treatment is managed by the OSAR (Recovery Resource Council). It should be noted that completion of detox often does not correspond with availability of residential treatment beds. Therefore, patients may be discharged from detox with a wait for residential treatment. Client must call every morning between 8AM and 9AM to be maintained on the waiting list.

2. ***CATS***

Program Manager: Laurie Smith

Description: Intensive outpatient services are provided to substance abusing women with children. Methamphetamine intensive outpatient treatment is provided at two locations and is a state-of-the-art program. Supportive outpatient services are provided to all substance abusers through individual/group therapy, relapse prevention, life skills training, and substance abuse education on various topics. Gender-specific groups are provided in Hurst and Fort Worth.

Services: Intensive and Supportive Outpatient Treatment, Relapse Prevention, Ambulatory Detox

Special Populations: Operate more than 30 different groups weekly including ones for women, methamphetamine, dual diagnosis, Spanish speakers.

Intake procedure: Walk-in intake every morning at 8AM. The first six clients will be accepted. (Suggest being in line by 7:45.) Will make special effort to include people living with HIV/AIDS. Contact program director as necessary.

David Cook

Description: Outpatient substance abuse education and/or treatment. Chemical dependency assessments which provide diagnostic impressions and recommendations. Behavior focused programs for anger control. Counseling available for individuals, family and marriage issues. Individual and group counseling available for ex-offenders. All services are provided by mental health professionals.

Services: Assessment for Substance Abuse, Comprehensive Outpatient Substance Abuse Treatment, Ex-Offender Counseling, Access to Recovery provider for methamphetamine, Substance Abuse Education/Prevention

Services Offered to Special Populations: Criminal justice clients—federal bureau of prisons, TDCJ or Tarrant County Community Supervision including parolees who relapsed.

Intake procedure: By appointment

Fees: Paid for through criminal justice system, access to recovery voucher

Eligibility: Client and/or family must be willing to receive help - no services available to under age 18

Hours: Mon - Thurs 9:00am - 9:00pm; Sat 8:30am - 1:00pm

Languages: Staff speaks no language other than English

Area served: No restrictions

Documents required: Call for information

RECOVERY RESOURCE COUNCIL

2700 Airport Freeway
Fort Worth, TX 76111
(877) 332-6329 Toll Free
(817) 332-2828 Fax

Suzanne Lofton is administering a new grant of HIV

Description: Does not provide direct substance abuse treatment services, but is the regional referral resource. Their focus for referrals is inpatient treatment—both inpatient detox and residential treatment. They will provide long term case management, but this is typically not provided for people living with HIV/AIDS since they are referred to the HEI case managers.

Provides information, assessment, referral, case management and long term follow-up for persons with alcohol and drug abuse problems, including current 12-Step groups meeting times and locations as well as local and statewide substance abuse treatment options; 24-hour Information and Referral Phone Service (not a crisis hotline - can leave message which will be returned by case manager). Community and School-Based Education, presentations, professional workshops, public awareness series. Family education and case management for special populations.

Services: Addictions/Dependencies Support Groups, Case/Care Management for Substance Abusers, Central Intake/Assessment for Alcohol Abuse, Central Intake/Assessment for Drug Abuse, Specialized Information and Referral for Alcohol Abuse Issues and Drug Abuse Issues, Subject Specific Public Awareness/Education for Alcohol Abuse Issues and Drug Abuse Issues, Workshops/Symposiums for Alcohol Abuse Issues and Drug Abuse Issues. Housing First just opened new beds.

Services Offered to Special Populations: Since the regional OSAR, they use the state's hierarchy and report that they can typically locate treatment for people living with HIV/AIDS without a wait (often at Homeward Bound). On the other hand, they report people with alcoholism often have to wait for placement.

Intake procedure: Call for consultation or information and referral services. Confidentiality of clients is maintained

Fees: Sliding scale for assessments; education programs according to established fee schedule, sliding scale, some scholarships; or free depending on specific program

Eligibility: Varies depending on program.

Hours: Mon – Thurs. 8:00am - 5:00pm; Fri 8:00am - 4:00pm (office). Answering machine available after hours. Some education programs available evenings and weekends

Languages: Spanish

Area served: 12 counties including Erath, Hood, Johnson, Palo Pinto, Parker, Somervell, Tarrant and Wise.

Needs: Report a need for more residential beds for people coming out of detox. Completion of detox does not place someone in a priority category. As a result, individuals from priority populations may get the bed before someone recently completing detox. This places a person back in their former environment before receiving treatment.

The recent change to a non-smoking campus at Homeward Bound is also resulting in people refusing treatment at that location.

Projections of the impact of the increase in Medicaid funding that will take place in 2010 have not been done, but it is expected to increase demand for all aspects of substance abuse treatment services. It is expected that beds will be designated for Medicaid.

RED RIVER HOSPITAL

1505 8th St
Wichita Falls, TX 76301
(940) 322-3171

Description: This is a private hospital with a 24-bed acute adult chemical dependency unit and is a 10-bed unit special unit for patients needing close observation or a higher acuity of care. Treatment services utilize the Minnesota Model 12 step approach and focus on bio-psycho-social stabilization. Education is a vital component of recovery and patients are involved in 3 to 4 hours of education daily. Attendance and participation in Alcoholics Anonymous and Narcotics Anonymous are a daily part of the program. The treatment team is dedicated to the recovery of patients and addressing issues related to abuse, trauma, family dynamics, and dual diagnoses.

The inpatient program is typically seven to 10 days in duration followed by either partial hospital or intensive outpatient or both. A weekly aftercare group is included for everyone that completes the program.

Services: Detox, acute inpatient, partial hospital, intensive outpatient, aftercare group.

Intake Procedure: No charge assessments are available 24 hours a day.

Fees: Detox is often covered by private insurance as is some or all of the treatment. Medicare is accepted. For self-pay patients the cost for inpatient treatment is \$600/day, partial hospital is \$200/day and intensive outpatient is \$80 per day. Aftercare is free of charge.

Eligibility: No restrictions.

Hours: Acute care and detox 24 hours/day

Area served: No restrictions on patients

Documents required: Call for information

Special features: Accessible for Disabled

RED RIVER RECOVERY

2501 Taylor Street
Wichita Falls, Texas 76309
(940) 761-3034
(866) 937-7772
Fax: (940) 761-3074

Description: This is a 28-day, 32-bed residential facility (16 male and 16 female beds) that offers ongoing treatment based on the 12-step traditions and proven cognitive behavioral methodology that focuses on addiction and trauma resolution. Upon completion of the residential component, the treatment process continues with partial hospital, intensive outpatient, group and family therapies.

Services: Detox, residential treatment, partial hospital, intensive outpatient, aftercare through AA/NA

Special Populations: Dual diagnosis, military and military wives.

Fees: Most insurance accepted. No free care. Accept Freedom Care for Wives.

RIGHT STEP CENTRAL DALLAS/FORT WORTH

2219 W. Eules Blvd.

Eules, TX 76040

(817) 857-9100

Website: www.rightstep.com

Description: Inpatient detox and residential treatment provided 60 residential treatment beds including 40 for adult men and women and 20 for adolescents. Intensive outpatient program with a 24 session duration. Other tiered outpatient, aftercare and sober living.

Ninety day sober living program for men who have 30 days of sobriety. It is similar to a halfway house, but more structure, supervision, group therapy and counseling.

Services: Detoxification, Residential, Day Treatment, Sober Living Program, Intensive Outpatient (Adult and Adolescent), Aftercare Services, Recovery Maintenance.

Intake procedure: Free telephone assessment. Credit card or cash must be provided on admission.

Fees: Detox \$475/day., residential \$400 per day, IOP \$175 per session. Some private insurances are accepted. Medicare is not accepted.

Sober living program is either 90 days for \$16,200 if the 30 day treatment is provided at Right Step (total length of stay is 120 days). If treatment received elsewhere, 90 days of sober living is \$70 per day (\$6300). Rehabilitation funding for the sober living may be available through the Texas Workforce Commission.

Eligibility: For detox, residential treatment and intensive outpatient, no specific eligibility other than ability to pay. For sober living, must have documentation of completion of a thirty day treatment program.

ROSE STREET MENTAL HEALTH CARE

1808 Rose St
Wichita Falls, TX 76301
(940)723-4480

SERENITY HOUSE

1. ***MAIN CAMPUS***
1546 North 2nd Street
Abilene, TX 79601
(325) 673-6489
(866) 795-HOPE

2. ***WICHITA FALLS OUTPATIENT PROGRAM***
3100 5th Street
Suite 111
Wichita Falls, TX 76301

Description: The Abilene residential program is a 28 day program that is based on the Recovery Dynamic model. The facility includes 14 licensed detox beds and 56 residential beds with 32 for men and 24 for women. Intensive outpatient treatment in Abilene meets daily at 10AM and on Tuesday and Thursday evening. Abilene aftercare group is on Friday evenings. Detox leads straight to residential treatment without a wait between.

Wichita Falls offers intensive outpatient and outpatient programs with a broad range of options available.

Children and youth prevention education is offered at both campuses.

Services: Detox, 28 day residential treatment, 90 day to six month intensive outpatient/outpatient treatment, aftercare, prevention education for children and youth.

Intake: Serenity offers an initial preliminary diagnosis service that can be conducted in person or over the phone. The process takes approximately one hour and is free of charge.

Abilene is in the DSHS Region 2 OSAR. Serenity House staff prefer new clients call the facility directly for screening, and then the OSAR can get involved. The DSHS client prioritization is used. The wait for someone with alcoholism (lowest priority) is typically four to six weeks.

It was stated that referrals from Region 2 OSAR do not fill all the beds. They receive referrals from Region 3 OSAR and well as other sources.

Fees: Free for indigent clients through DSHS. Sliding scale is available.

Eligibility: Anyone with a substance abuse disorder is eligible, except for patients with oxygen since smoking is allowed on campus.

Languages: No language other than English.

SHADES OF HOPE TREATMENT CENTER

402-A Mulberry Street
Buffalo Gap, TX 79508
800-588-HOPE

Description: Known for its eating disorders program, Shades of Hope treats any type of addictive behavior. Approximately 60% of clients address multiple addictions, with chemical dependency/self medication being one. The standard treatment is a 42 day residential program, using a 12-step approach. A six-day (offered once a month) and weekend programs (offered once a quarter) are also available for those receiving outpatient treatment with an outside counselor.

Programs: 42 day residential program, six-day program, weekend program.

Fees: \$600 per day for residential program; \$2,195 for week-long program; \$995 for weekend program. Medicare and Medicaid are not accepted. Some insurance is accepted, but it is recommended to address payment prior to enrollment.

APPENDIX D

Texas Department of Criminal Justice Parole Division

SPECIALIZED PROGRAMS include:

The **Substance Abuse Counseling Program (SACP)**, an innovative education, intervention, and treatment program which began in September 2005, was designed to reduce the recidivism rate of offenders who use alcohol or drugs while on parole supervision or have a history of drug and/or alcohol use. Upon release from the Correctional Institutions Division, offenders with a Special Condition "S" attend a Relapse Prevention Class. This four-hour class assists them in developing a Relapse Prevention Plan, gives them information on how to pick a support group, and presents information on how to manage cravings. Parole Division Counselors (PDCs), employed by the Parole Division and licensed by Texas Department of State Health Services, provide these Relapse Prevention services. Outpatient treatment services are provided by contracted treatment vendors for those eligible offenders who submit positive urinalysis specimens. Offenders who do not comply with outpatient treatment services may be eligible for residential treatment in the SACP-Intermediate Sanction Facility (ISF) which is based on the Texas Modified Therapeutic Community (TC) model. Successful SACP-ISF completion is followed by additional outpatient treatment in order to provide transitional support services and a continuum of care for the SACP-ISF graduate.

The **Therapeutic Community Substance Abuse Aftercare Treatment Program** administers a range of therapeutic, outpatient, and resource programs. It oversees and coordinates these interrelated programs for the substance abuse treatment for offenders and makes use of case management and drug and alcohol testing to assist in supervising offenders. The In-Prison Therapeutic Community (IPTC) is designed to be, on average, a six-nine month program in the prison setting, with an aftercare component, the Therapeutic Community (TC) that lasts approximately 12-15 months, ensuring a seamless continuum of care. The length of the program is based on the offender's progress and needs.

District Reentry Centers (DRC) – These centers provide offenders with habilitation in the following core areas: substance abuse education /services, cognitive restructuring, anger management, pre-employment and Victim Impact Panel classes for Offenders. A distinguishing feature is the emphasis on heightened offender accountability for program participation. Parole staff responds to program non-compliance within twenty-four hours of the violation. Programs outside the realm of the core areas are facilitated by volunteers and include life skills classes, parenting classes, faith-based substance abuse education and support groups, and other character building programs as well as General Education Development (GED) preparation classes.

The collaborative efforts of the Parole staff, community partnership assistants, volunteers, offenders, and their families provide a positive vehicle to the reintegration process.

This information posted to the internet on September 21, 2009. Retrieved from: <http://ww.tdcj.state.tx.us/parole/parole-spclpgms.htm> on January 27, 2010.
